

# REPORTES MED Mobile App

01

02

The Alcaldía de Medellín (Medellín City Government) released the mobile application ReportesMED

Allows citizens to report various damages in Medellín:

- Public lighting
- Cycling paths
- Potholes and road damages
- Critical garbage points
- Malfunctioning traffic lights
- Damaged garbage containers

Key Aspect No. 1:  
**EASY to use**

Enable more people to participate and contribute for a better public space

## Key Aspect No. 2: Tracking and Follow Up

To build trust, transparency and ensure that contributions are valued
